

## Prime Business Phone to Deliver Optimum Desktop Productivity

Specially designed for busy executives and professionals, FONE-210W is an easy-to-use Prime Business Phone with a 4.3-inch color LCD screen that you can easily and flexibly find the comfortable viewing angle according to the personal and environmental needs. With the built-in Bluetooth 4.2 and the built-in dual band 2.4G/5G Wi-Fi, the FONE-210W IP Phone ensures you to keep up with the modern wireless technology and take the first chance in the future wireless age. Its built-in USB 2.0 port allows for USB direct wired/wireless USB headset\* and other future USB applications. Benefiting from these features, the FONE-210W is a powerful and expandable office phone that delivers optimum desktop efficiency and productivity.

## Key Features & Benefits

### User Friendly

FONE-210W IP Phone features a 4.3-inch color LCD screen that you can readily adjust it to the comfortable viewing angle according to yourself. As to the audio quality, the FONE210W is coupled with the latest version of HD Voice technologies, and delivers crystal clear voice even in a noisy environment. Meanwhile, complying with the latest Hearing Aid Compatibility (HAC) Regulations, its HAC handset helps the person who is with hearing loss to hear the voice more clearly.

### Wireless Transmission

The FONE-210W IP Phone not only furnish you with the built-in Bluetooth 4.2 for Bluetooth headsets but also the built-in dual band Wi-Fi for Wi-Fi connectivity, allowing you to access the 4/5G Wi-Fi connectivity handily.

### Efficient Installation and Provisioning

The FONE-210W supports efficient provisioning and effortless mass deployment with Redirection and Provisioning Service to help you realize the Zero Touch Provisioning without any complex manual settings.
